10:00AM - 3:00PM

**Nationwide & Ohio Farm
Bureau 4-H Center 2201 Fred
Taylor Dr. Columbus, OH**
**@
On The Ohio State University
Campus**

Why Workplace Charging?

Join us in discovering how your business can benefit from workplace charging. Be a part of the future workplace.

Enhance Your Bottom Line

Save money on fuel for your fleet vehicles by converting company cars to plug-in electric vehicles (PEVs).

Attract and Retain Employees

Draw in high-quality employees by showing leadership and helping them with their transportation needs.

LEAD THE CHARGE

Register today for the Drive Electric Ohio Workplace Charging Workshop and discover why it's more than just a cutting-edge employee benefit. Don't miss this opportunity!

Panelists will include representatives from automobile manufacturers, utilities, electric vehicle charging station vendors, and businesses, organizations and cities that have installed workplace charging.

Ohio Employers with Workplace Charging:

Metlife, Verizon, Scotts Miracle Gro, Duke Energy, FirstEnergy, AEP, General Motors, BookFactory, Melink Corp. Edison Welding Institute, Delphi Packard, Burke, Mac's Pizza, Cincinnati Metropolitan Sewer District

- 1 Get a view into the future of sustainable transportation and how workplace charging fits into your business' sustainability efforts
- 2 Learn from vehicle manufacturers, utilities and charging station manufacturers what options are available and how to make the best choices for your organization
- 3 Explore products and solutions, test drive electric vehicles and connect with like-minded employers

Highlights include:

- Ohio Workplace Charging Survey Results
- Current Employer Actions With Workplace Charging
- Challenges & Solutions of Workplace Charging
