**RE:** Excise Tax Credit for Plug-In Electric Vehicles

Please be advised that the allotted funds for plug-in electric vehicles for fiscal year 2017 are nearly depleted. Once funds are gone, the program will end and we will not accept or process any excise tax credits for plug-in electric vehicles. Please alert your customers to this information prior to their purchase.

We will issue another Bulletin when the funds are gone. If you have additional questions, please feel free to contact the MVA's Refund Department at 410-768-7346.
